

Strategic Consultancy Services

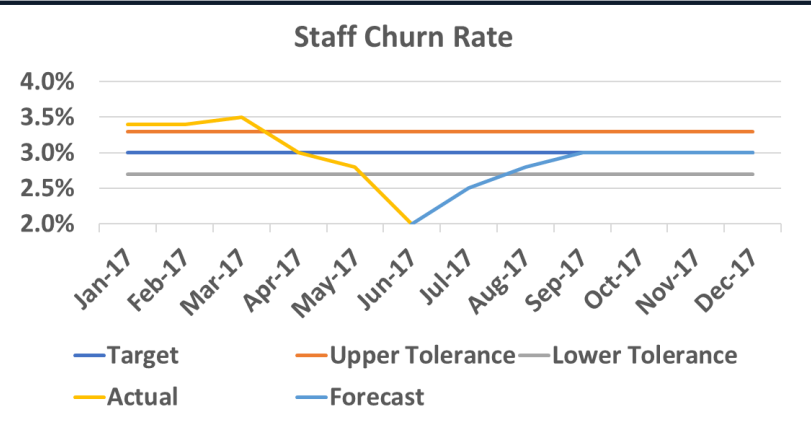

Service Type	Product/Service Analysis																																																																																								
Why invest in this?	Because companies typically waste a lot of effort on low volume and low margin products/services when a change in focus could dramatically increase profits																																																																																								
Who we typically work with?	Those with responsibility for strategic planning within an organisation (work in not for profit organisations would focus on module 1 below)																																																																																								
What output will be produced?	<p>1. How will it be produced?	<p>STEP 1: Evaluate existing products/services</p> <p>1a: Identify product/service revenues and volumes 1b: Define direct costs and apportion indirect costs using ABC costing 1c: Establish margins & plot products/services on BCG Growth/Share Matrix</p> <p>STEP 2: Market evaluation</p> <p>2a: Compare products/services vs. competition using <u>SWOT</u>/USP analysis 2b: Identify other markets that align with existing strengths (<u>SWOT</u>) 2c: Identify barriers to entry using <u>PESTLE</u>/Porter's 5 forces/<u>SWOT</u></p> <p>STEP 3: Options analysis and TO-BE product/service mix identification</p> <p>3a: Rank markets based on size/margin/competition/growth/barriers 3b: Use segmentation approaches to define targets in chosen markets 3a: Identify products/service mix that will meet demands of target markets/segments considering Porters Generic Strategies</p>																																																																																								

Format	Delivered as a business analysis exercise in consultation with the business owner/leadership team. If the data is collated in advance this can also be run as a workshop whereby products/services/markets are ranked and prioritised before identifying a realistic target mix.
How Success Measured	Measures taken to identify the increase in average product/service margin (costs for not for profit) before vs. 12 months after this work

Service Type	Developing a Strategy that Everyone Engages With																								
Why invest in this?	Because leadership teams need to provide their staff, customers and stakeholders with a clear direction to motivate and engage them																								
Who we typically work with?	The leadership team of the business, division or business unit for which the strategy needs to be developed																								
What output will be produced?	<p>1) An easy to communicate strategic roadmap including a vision, objectives and KPIs</p> <p>2) A breakdown of the key drivers of those objectives/KPIs</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr style="background-color: #f4a460;"> <th colspan="4">Primary Measures</th> </tr> <tr style="background-color: #f4a460;"> <th style="width: 25%;">Sales or Service Usage</th> <th style="width: 25%;">Costs</th> <th style="width: 25%;">Customer satisfaction/Churn</th> <th style="width: 25%;">Staff satisfaction/Churn</th> </tr> </thead> <tbody> <tr style="background-color: #f4a460;"> <td style="text-align: center;">↑</td> <td style="text-align: center;">↑</td> <td style="text-align: center;">↑</td> <td style="text-align: center;">↑</td> </tr> <tr> <td> Product/Service 1 Usage </td> <td> Staff Costs ££ IT Costs ££ Marketing ££ </td> <td> Product/Service Quality Value for Money </td> <td> Reward / Recognition Development Opportunity </td> </tr> <tr style="background-color: #f4a460;"> <td style="text-align: center;">↑</td> <td style="text-align: center;">↑</td> <td style="text-align: center;">↑</td> <td style="text-align: center;">↑</td> </tr> <tr> <td> Service 2 Awareness </td> <td> IT Service 1 Contract Cost ££ </td> <td> Service 1 call handling Time </td> <td> Average training days </td> </tr> </tbody> </table>	Primary Measures				Sales or Service Usage	Costs	Customer satisfaction/Churn	Staff satisfaction/Churn	↑	↑	↑	↑	Product/Service 1 Usage	Staff Costs ££ IT Costs ££ Marketing ££	Product/Service Quality Value for Money	Reward / Recognition Development Opportunity	↑	↑	↑	↑	Service 2 Awareness	IT Service 1 Contract Cost ££	Service 1 call handling Time	Average training days

<p>How will it be produced?</p>	<p>STEP 1: Vision and strategic objective definition (VMOST) 1a: Define a vision to summarise your target markets & ambitions 2a: Understand objective types (balance scorecard/GROW model) 2b: Define a balanced scorecard that will evaluate delivery of the vision</p> <p>STEP 2: Identification of primary KPIs 2a: Understand measure types (process/input/output, leading/outcome/lagging, quantitative/qualitative) 2b: Define a balanced set of measures to track objective delivery</p> <p>STEP 3: Identification of secondary/tertiary measures and owners 3a: Establish the drivers of your measures using 5 WHYS/Fishbone methods 3b: Allocate owners for measures at a level that aligns with their roles</p>
<p>Format</p>	<p>Typically run as a workshop where the group produce an outline strategic roadmap and value driver matrix using brown paper and post-it notes. The completed outputs are written up in a clear and simple format for the leadership team to use as a powerful communication and engagement tool.</p>
<p>How Success Measured</p>	<p>Measures taken to identify the increase in awareness of the businesses strategic direction before and 6/12 months after the session</p>

Service Type	Producing a Business Plan and Ensuring its Delivery

<p>How will it be produced?</p>	<p>STEP 1: Identification of strategic initiatives (VMOST) 1a (1 HR): Brainstorm options for initiatives that will support objectives/measures 1b (1 HR): Estimate potential impact on high level KPIs and rank accordingly (using NPV, IRR, Cost-Benefit and/or Break Even analysis for financial measures)</p> <p>STEP 2: Develop business plan 2a (30 min): Rationalise list of initiatives and sequence on 3-year roadmap 2b (1 HR): Document targeted improvements in KPIs in a medium-term plan</p> <p>STEP 3: Track delivery of the plan 3a (1 HR): Develop an outline performance reporting framework in Excel 3b (1 HR): Develop an outline governance system to support the framework 3c (30 mins): Define potential risks/issues and mitigating actions</p>
<p>Format</p>	<p>The brainstorming, prioritisation and sequencing of initiatives will normally be delivered through leadership team workshops. In between these workshops financial analysis will be undertaken to size potential opportunities. Anticipated KPI improvements will be recorded in an Excel-based plan with the reporting and governance system developed in Excel or dedicated reporting solutions.</p>
<p>How Success Measured</p>	<p>Business growth rates compared for the year before and the year after the planning work has been completed</p>
